

## PLEASE READ THIS FIRST

Thank you for downloading a free preview of our ISO 45001 Documentation Toolkit Light!

For an easier start, please read these few instructions:

- 1) The **documents in the Toolkit are sorted in a sequence** that should follow your implementation – the first file is the OH&S Policy; the next file is OH&S Objectives and KPIs, and so on.
- 2) In the root folder of the Toolkit you'll find the file named **"List of documents"**, which describes some very important things: which documents from the toolkit are related to which ISO 45001 clause, and which documents are mandatory by ISO 45001:2018.
- 3) If you **receive an error opening certain files**, this is probably because the file name is too long – please copy the file to your Desktop and it should open normally there.
- 4) Soon, you will **start receiving tips and tricks** on how to fill in the templates via e-mail – if you don't start receiving these emails, please check your Spam folder.
- 5) Please read the **Terms of Use for Documentation** located in this folder.
- 6) Click here to see [Pricing & Options](#).
