Environmental Policy

Considering the purpose and context of the organization, and the condition of the environment in which the company operates, the management of [organization name] is committed to the continual improvement of the Integrated Management System (IMS), according to compliance obligations, by following the principles and requirements of ISO 14001:2015.

The framework for setting environmental objectives is defined in the IMS Manual.

All employees of [organization name] are acting to protect the environment by preventing and eliminating environmental pollution through:

- Continual education to prevent environmental pollution, preserve natural resources, and improve the IMS
- Continual raising of environmental awareness
- Continual legal compliance
- Exploration of new materials with smaller environmental footprints and improvement of hazardous waste management
- Decrease of nonrenewable energy consumption and replacement with renewable energy sources
- Activities that emerge from the context of the organization
- Following environmental procedures to decrease environmental pollution, and prevent degradation and damage to the environment
- Decrease of adverse impact on water, soil, air, and biodiversity

[Job title] is responsible for communicating the Environmental Policy to all persons working for or on behalf of the organization and making it available to the public.

[job title]
[first and last name]
